No chemical is present which requires statutory control.

9. Physical and Chemical Properties
Specific Gravity: 1.13 g/ml @ 25°C
Odor Threshold: Approximately 10.9 – 11.7

10. Stability and Reactivity
Stability: Stable

11. Toxicological Information
Skin Irritancy: Not considered a primary skin irritant.

12. Ecological Information
Not environmentally hazardous

13. Disposal Considerations
Empty containers should be rinsed and discarded in a waste container or offered for recycling if possible. Do not use empty containers for other purposes.

14. Transport Information
Grounding/Static Relief: N/A

15. Regulatory Information
EÜ Regulations: This product is classified as dangerous as defined by the UK Chemicals (Hazard Information and Packaging for Supply) Regulations. These regulations implement a number of EC Directives including the Dangerous Substances Directive (67/548/EEC and amendments), the Dangerous Preparations Directive (99/45/EEC and amendments) and the Safety Data Sheets Directive (91/155/EEC and amendment).

16. Other Information
The information on this sheet is not a specification and does not guarantee specific properties. The information is intended to provide general knowledge as to the health and safety based upon our knowledge of the handling, storage and use of the product. It is not applicable to unusual or non-standard uses of the product or where instructions or recommendations are not followed.

---

Incompatible Materials:
Strong acids, oxidizing agents and soft metals such as aluminum.

Coefficient of Water/Oil Distribution: ND

Respirator Protection: Not normally required.
Eye Protection: Safety glasses or goggles.
Protective Gloves: Rubber Other Protective Clothing and Equipment: N/A
Engineering Controls/Ventilation: Normal Room Ventilation. Local exhaust may be necessary under some handling/use conditions.
